My dear Mr. MacLeod,

If Miss Thursby's portrait is not too much in your way until next Spring, I beg that it may remain with you. Pray be so kind as to have a case made for Cardinal Mc. Closkey's portrait and have it sent to me here. You see that it was well to have left in your hands a sum to meet a matter like this.

With thanks and kind regards to Mr. Corcoran, I am, Faithfully your friend.

My dear Sir:

Your favor is just received — Your idea of doing a Bust of the President, was a brilliant conception of Genius — I will act upon it at a very early date

I suppose you have not place about the Cochrane Gallery in which I could be prepared for me to work on the President. I might get a room in the Riggs Building I will write some parties about it.

I am much obliged to you for the Dog & Napoleon although I have not got them yet.

My dear friend

I intended to have had the pleasure of seeing you on your native heath during the present Month but, I fear that I shall not get over in time to head off 1882.

Well I have been at Cleveland for the last 60 days working on the Bust of Garfield and I have made a Work that I am willing to rest my Notariety as a

posthumous

Bust maker — It will be done
or rather is being done now in
Bronze but will not be out
for 3 weeks —

Have you any new Photographs
of your works? — I should
like one of the Napoleons
and one of the last dogs.

Wishing you and
Mrs B a happy new year

Yours
Ever most truly

Dr Sir!

Your favor of 28th inst. has come to hand, in reply would say, the case will be shipped on Tuesday Jany. 3d/82.

There appears to be some mistake about the size of it, the size you give is 3ft 10¼ in. long, 15½ inches deep & 17 in. high, The dimensions sent to me by Mr. D. Longhran & after which the case is being made are, 5 ft. 4¼ in. long, 1 ft. 4¼ in. deep & 17 in. high. probably it is another case you refer to, for which I have no order.

Very Respectfully Yours &c

Dear Sir

In working over a file of letters today, I came across your correspondence with Prof. Weir regarding the three duplicate casts which we received from you some time ago; and it occurred to me that you perhaps could help me & the catalogues of some of the Italian makers of casts. I am making a list of casts

for the Museum of Art in
Smith College, Northampton Mass.
and feel very much the need of
information about the things
that may be had directly from
Italy. If you have any such
catalogues, and would have
the goodness to lend them to me
for a few days, the obligation
would be great, and I asking
your indulgence for the liberty I
have taken to make this request

I am very Respectfully Yours

Dear Sir:-

I have some eight or ten pictures -
four on large canvases, the others small
- which I would like to loan for
hanging in your gallery - if you wish
them.

They have been in the care of
the Metropolitan Museum of Art, but
having been exhibited there, may pro-
perly be removed.

All are of fair merit, a few
of great merit. In the last cate-
gory I would place Camphausen's
Morning Prayer in the Camp of the
Roundheads - Church's Damascus
& Hamlyn's Chicorua.

If you wish them, my Agent in my
Office in New-York, Mr. Wm. E. Bond
No. 2 Wall Street, will upon receiving
the information forward them, & pay
all expenses connected with unpack-
ing & hanging them.

Respectfully yours,

Dear Mr Macleod

We issued an Illustrated catalogue in 1877 & no other except that last year Mr C. M Kurtz got up on his own account a volume of "Academy Notes" like the issue of Mr Blackburn in London containing some 100 illustrations and a mention of the works selected. It was sold by peripatetics at our desk for 25 cents. independently of the official catalogue. I do not think that Mr Kurtz paid or more than paid his outlay. The illustrations are made by the American photo-lithographic Company of Park Place. N.Y. and cost about $3. per plate. The drawings in pen & ink or in crayon being

being made or supplied by the
artists themselves. The Water
Color Society here of which Mr
Farrer 5, Pall Mall S.W. is Secretary
have published illustrated catalogues
(and no other) for several years past
They sell them at 35 or 30
cents - which I presume does not
more than pay the cost if it
does that: but they think it
pays as well in the long run
as an advertisement in sundry
ways. Our catalogue is a
means of revenue to us, but
would not be [illegible] with the extra
cost of illustrations - especially as
as the sale is very little greater
with the drawings than without
- the visitors really wanting a
catalogue and not a picture book.
though they would of course take the
latter at the same price

With a hearty happy new year

Yours truly F. Eld. Richards
